Dear Sir,

My name is Martin Baildon and I work for "Happy Wedding Ltd.", a company which runs 3 hotels and 2 wedding halls in Aichi, Japan. We are a medium-sized company, with a good reputation for providing both simple and lavish weddings. I am responsible for interior décor of the hotel's public areas, private rooms and halls.

I would like to enquire about some of your products as I am in need of artificial flowers for our hotels.

1. How long will delivery take to our hotels here in Aichi, Japan?
2. Does the price listed in the catalogue include tax?
3. Who is responsible for shipping costs?

You prompt reply would be much appreciated.

Sincerely,

Martin Baildon

Dear Mr. Baidon,

Thank you for considering purchasing.

Regarding the payment method, there is no method other than using the invoice.

With regard to the invoices, we will prepare them as the delivery side. They are a commercial invoice when the delivery passes through customs and a tax invoice necessary for billing the price. They will be sent to your company with the product.

I look forward to your reply.
